Members of Reque Club Preparing for National Tournament at Norwich.

The Willimantic Reque club is unusually active this year. The club's court on the Spellman property on the Brooklyn side, is one of the best in this part of the country, finely appointed in every detail.

Dally impromptu matches are played, afternoon and evening, and the electrically lighted court is a very popular rendezvous for the members and their friends.

More class is being shown in the play of a number of the club's starplayers than on previous occasions and several are developing into real experts.

A quartette that any club, will find hard to beat is Albert W. French, Edward White, A. D. Spellman and George Williams. Others who show commendable form are Rev. Louis M. Flocken, and Dr. R. C. White.

Among others of the club's membership to cause a few of the above experts not a little worry at times by the quality of their respective styles of

perts not a little worry at times by the quality of their respective styles of play are Charles M. Thompson, Charles Smith, Albert Spellman, Charles H. Edmond, Dr. T. R. Parker, Rev. W. S. Beard and Town Clerk Frank P. Fenton, who, although a new acquisition to the club, has handly defeated George Williams one day last week. Much interest is taken in the practice games in preparation for the club tournament that will in all probability be held early in August to permit the winners ample time to get in prime form for the National association's

Offers to Aid in Construction of Stretch of Highway.

Norman B. Ream, the New York millionaire, who has a magnificent country estate in Thompson, has made a proposition to the selectmen of the town of Putnam in which he offers to share in the expense of building a stretch of improved highway from what is known as the Providence road, near the Windham county temporary home for children, so the line of the town of Thompson.

It is understood that the stretch of road in question is about 1.700 feet in length, that the proposal is to construct the road of gravel, and that Mr. Ream offers to contribute \$500 of the total cost, which has been estimated as between \$1,200 and \$1,500. Mr. Ream recently made a similar offer to the town of Thompson and the road is now under construction.

The acceptance of Mr. Ream's offer would mean a continuous streeth of excellent highway between Putnam and Thompson.

The selectmen of Putnam have call-
